STATISTICAL STORY OF NEWARK, N. J.

LOCATION

Latitude, 40° 41'; Longitude, 74° 10' west from Greenwich. Three miles above Newark Bay; eight miles west from New York. Area 23.40 square miles, of which 6.5 square miles are tide water lands. Five hundred acres have been reclaimed by the City on which wharves, docks and railway terminals are being developed for factory and warehousing uses.

WATERFRONT

Wharf frontage on Newark Bay and Passaic River, 10½ miles, channel 300 feet, depth at mean low water 20 feet, at high water 25 feet. Tonnage of freights annually, 2,897,123. Estimated value \$147,895,000.

RAILROADS

Pennsylvania, Lackawanna, Erie, Lehigh Valley and (Reading) N. J. Central. Passenger depots 15. Passenger trains daily 900. Freight delivery yards 22. Freight trains daily 61. Cars of merchandise freight annually 498,251. Railway tonnage delivered 6,538,526. Shipped annually 1,512,752.

NEWARK is within hauling distance by wagon to the piers and docks of New York.

More people get on and off trains in Newark than any other city in the United States not a terminal point.

ELECTRIC RAILROADS

Hudson and Manhattan tubes, 18 minutes to New York. Electric trolley lines to suburban points, 26; cars operated, 737; trips daily, 3,858. Passenger movement, 1918, 18,830,413. Trains daily to and from New York, 260.

NEWARK as a manufacturing centre ranks ahead of thirty States in the aggregate value of its manufactured products.

NEWARK leads the world in the manufacture of umbrella frames.

NEWARK leads in the manufacture of badges and advertising novelties.

NEWARK per capita to its population leads in the variety of its manufactures.

NEWARK is the largest fine jewelry manufacturing centre in the United States.

NEWARK produces the largest variety and best grades of leather for shoes, automobiles, carriages and upholstering.

NEWARK is a great centre for the manufacture of chemicals, varnishes, lacquers and paints.

NEWARK excels in the superiority of its cutlery and edged tools.

NEWARK is the home of the "Mother of Pearl" button and novelty industry.

NEWARK produced the first malleable iron in America.

NEWARK built the first locomotive engine to travel up grade.

NEWARK made the first patent leather in America.

NEWARK added celluloid to the world's commerce.

The location of a new industrial plant to most cities is an occasion for a holiday of rejoicing. If such a rule were followed in Newark every day in the year would be a holiday.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

OCTOBER, 1922

NEWARK, N. J.

October 3, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent:—Commissioner Raymond.

The minutes of meeting of September 26th were read and approved.

Mayor Breidenbach:—Are there any citizens desiring to be heard by the Board on any matter? If not, we will proceed with the regular order of business.

Commissioner Howe offered the following resolution:

RESOLVED, That the Report of the Commissioners of Assessments for Local Improvements of the City of Newark awarding damages sustained by the opening of Jefferson Street from South Street to Thomas Street, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed; and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said report in the Office of the Comptroller of the said City of Newark.

W. J. Brennan
Charles P. Gillen
John Howe
F. C. Breidenbach

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading, curbing and flagging of North 12th Street from Abington Avenue to Second Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That North 12th Street from Abington Avenue to Second Avenue shall be graded, curbed and flagged, together with all the appurtenances necessary to complete the same, in accordance with plans, specifications and profiles dated September 10, 1922, and now on file in the office of the Department of Streets and Public Improvements, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$13,-266.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$13,-266.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance

of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the ordinance by sections:

An ordinance to amend an ordinance entitled "An ordinance regulating the placing of projecting signs in the City of Newark, and providing charges for permits for same," adopted September 4, 1914.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That Section 5 of an ordinance entitled "An Ordinance regulating the placing of projecting signs in the City of Newark and providing charges for permits for same," adopted September 4, 1914, be and the same is hereby amended to read as follows:

"Section 5. Before any projecting sign shall be placed in position or attached to any structure, plans and statements of the proposed sign and method of attachment to the building must be filed in duplicate and a permit shall first be obtained from the Department of Buildings and charges for such permits of fifty (50) cents for each square foot or part thereof, of sign space projecting more than 12" beyond the face of the wall, and five (5) cents for each square foot or part thereof on flat or curved signs projecting not more than 12" beyond the face of the wall shall be paid to the Department of Buildings, and all projecting signs shall be under the jurisdiction of and subject to inspection by the said Department of Buildings. The square feet of sign space on one side of a projecting sign shall be deemed to be the entire number of square feet of sign space for the purpose of computing the fee herein referred to and required to be paid.

All permits to erect or maintain projecting signs shall be held to be licenses, revocable at any time by the proper authorities of the City, without compensation.

No permit shall be issued for projecting sign or signs on any building when such building adjoins a building occupied exclusively as a private dwelling, unless the written consent of the owner or owners of said private dwelling for the erection of such projecting sign be first obtained.

All electrical equipment of electric signs must be done in accordance with the rules and regulations of the Electrical Bureau of the Department of

Public Safety, and a permit for all such electrical work must be obtained from the said Electrical Bureau."

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

Newark, N. J.

October 6, 1922.

Mr. Charles P. Gillen,
Commissioner, City Improvements,
Newark, N. J.

Dear Mr. Gillen:

We, the undersigned, residents of Vailsburgh in the neighborhood of Brookdale Avenue, do hereby request that some action be taken to eliminate the unpleasant odors permeating through the said Avenue caused by the refuse deposited in the grounds adjoining Brookdale Avenue and facing Boylan Street, due to the fact that said odors make it quite impossible for a person to retire at night leaving windows opened as well as causing a sickening sensation while passing through the said streets; especially is this noticeable in the evening. Not only is this condition very unpleasant but unhealthful as well.

Trusting that we have not trespassed too far in calling your attention to this matter, we are,

Very truly yours,

(Signed by twenty residents).

Commissioner Gillen moved that the communication be referred to the Mayor and the Health Department.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The following reports of City Officers were received and ordeerd filed:

The Board of Commissioners
of the City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

October 17, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent:—Commissioner Raymond.

The minutes of meeting of October 10th were read and approved.

Mr. Ralph Lum, 785 Broad Street, appeared and introduced Mr. Gutzon Borglum, Sculptor of the Memorial Monument to be placed in Military Park.

Mr. Gutzon Borglum:—I might say Mr. Mayor, that the plans for the erection of this Monument will require some reconstruction of the park and these plans have been prepared. The Monument that is being built is a very large one and is a very unusual one. It is an exceptional Monument, not only for Newark, but for the Country, because it is the first monument of its kind ever attempted in America. The Monument is such as requires preference in setting. The placing of the Monument will require the replanning of that end of the park and I want to make an appeal to take the matter up very seriously and consider all the details. There is no expense to the City so far as the Monument including the foundation and the building of it, but the ground surrounding the Monument will require

changes so that the Monument will not be obstructed by various buildings, monuments and the flag pole. I have prepared a drawing which I would like to have you look over carefully, which provides for a small basin of water 12 feet in length with paths running around it. The Monument is half done and I expect to start on the foundations tomorrow if I get the permit. The foundation should be put in there this winter. This should be decided upon today. I ought to be in a position to go in there at once to make my foundations.

Commissioner Howe moved that the matter be referred to Commissioner Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Gillen informed Mr. Borglum he would confer with him on the matter immediately following the meeting.

Mayor Breidenbach:—Are there any other citizens desiring to be heard on any matter? If not, we will proceed with the regular order of business.

Commissioner Brennan offered the following resolutions:

RESOLVED, That the report of the Commissioners of Assessments for Local Improvements of the City of Newark for benefits conferred by the

paving of Lake Street from Bloomfield Avenue to Ballantine Parkway, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed; and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said Report in the Office of the Comptroller of the said City of Newark for collection.

A communication from the Atlantic Deeper Waterways Association, dated October 13th, enclosing resolutions adopted at the Fifteenth Annual Convention held at Portland, Me., was received and read and on motion of

Commissioner Gillen referred to Director Raymond.

A communication from John J. Radel, 30 Clinton Street, Newark, dated October 16th, offering for sale 96 acres of land near Basking Ridge, N. J., was on motion of Commissioner Gillen referred to Mayor Breidenbach.

Commissioner Gillen:—I have a communication from the National Coast Anti-Pollution League, which has been sent out to all Municipalities and is the result of the Atlantic City conference. The object of the conference was to try to prevent this coast pollution by these oils, etc. from the ships. They require some money to carry it on and this is an appeal to Municipalities to contribute something to it. Some of the Municipalities represented at the Convention contributed \$500. I think we should make a contribution and I would suggest that the matter be referred to Commissioner Howe to see if the money is available.

Commissioner Gillen moved that the communication from the National Coast Anti-Pollution League, dated October 11th, soliciting contribution in connection with the movement to prevent pollution of navigable waters be referred to Commissioner Howe for the purpose of ascertaining if the money is available.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to provide for the vacation of Harper Street from Avenue D westerly to Tompkins Point Road.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Harper Street from Avenue D westerly to Tompkins Point Road shall be vacated as a public street or highway, as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Streets and Public Improvements, known and designated as No. 1266-V, by virtue of the provisions of Section 1, sub-division (b), of Article XXII, of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27th, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third reading on November 14th.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

October 24, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Absent:—Commissioner Gillen.

The minutes of meeting of October 17th were read and approved.

Mr. Gutzon Borglum, appeared and stated he had prepared designs and drawings for the location of the new Monument to be erected in Military Park and that he was to have had a conference with Commissioner Gillen this morning, but that Commissioner Gillen was ill and stated he would make his report to him so that he could in turn submit the matter of location of the Monument to the Commission.

Mr. Hugo A. Seiler, 464 Fourth Avenue, appeared before the Board and presented the following communication:

October 14th, 1922.

Mr. Charles P. Gillen, Director,
Department of Parks and
Public Property,
City Hall, Newark, N. J.

Dear Sir:

Referring to your letter of September 12th, in which you advise my communication of Sept. 11th has been referred to the Zoning Commission, and that this Commission would communicate with me on the matter, the writer is again bringing this matter before your attention in the belief that an investigation from your department will bring about some action on this case.

Several months ago an application was made, by me, to have restrictions removed, for light industrial purposes from property located at the corner of Springdale Avenue and North 12th Street, Newark, N. J., and up to the present time the writer has not received word or report on the matter. My reasons for making this application for removal of restrictions, are as follows:

1. Because property is opposite the Crocker-Wheeler factory plant.
2. Because the property is undesirable for residential dwellings.
3. Because the property cannot be sold for the purpose of erecting a residence or dwellings.
4. Because vacant property is a loss to the owner.
5. Because adjacent property own-

ers have signed a petition to have restrictions removed in favor of the building of garages.

6. Because property is the last block on the outskirts of the city map.

7. Because property is in an isolated section.

8. Because there is a demand for private garages and stores.

9. Because there are a number of automobiles left on the streets day and night for want of housing, in this vicinity.

The writer will greatly appreciate your attention to this matter and notification of any resulting action.

Very truly yours,
Hugo A. Seiler.

Mr. Seiler stated that he made application for the removal of restrictions on property in this locality six months ago for the purpose of erecting stores and garages, but that no action has been taken in connection with the request. Mr. Seiler also stated that he had had a petition signed by property owners in the neighborhood in favor of this change and stated the property could be used for no other purpose on account of its close proximity to the Crocker-Wheeler factory, and urged that the matter be disposed of as soon as possible.

Commissioner Raymond moved that the matter be referred to the Zoning Commission with request that they

take the matter up at once, and that a report on the request be made at the next meeting of this Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond:—Mr. Mayor, I desire this morning to introduce a notice of intention to widen Commerce Street to sixty feet. I said some time ago that I did not want to act on Commerce Street until we had made up our minds as to the solution of the whole problem as it exists with respect to access to the Market. I now have plans, which I am not prepared to release at this time, tentative plans, which you gentlemen of the Commission know of, which will be rather expensive, but plans which will solve the access to the Market to the satisfaction of everybody. This is part of a general scheme and this notice of intention is for the purpose of acquainting everyone with the plan. I understand the Chamber of Commerce desires to be heard on the proposition of widening Commerce Street. I do not know what position they have taken, or what position they are going to take. I am not putting anything over without their being heard and I would like to have the hearing before the Commission as a whole, and I am offering this notice of intention with the statement that it is not a passed ordinance, and I would suggest that we have this hearing on November 8th in order that we may hear all persons interested and dispose of it as the merits of the case seem to dictate.

Commissioner Raymond submitted the following ordinance as a matter of information:

An ordinance to provide for the opening and widening of Commerce Street from Broad Street to Railroad Place on the northerly side thereof.

Commissioner Raymond moved that the ordinance be made a matter of record in the minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following resolution:

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, to order and cause the opening and widening of Commerce Street from Broad Street to Railroad Place on the northerly side thereof by the addition of the two following described strips:

No. 1. From Broad Street to Mulberry Street. Beginning at the northeasterly corner of Broad Street and Commerce Street as now laid out; thence running northeasterly along the easterly line of Broad Street 16 feet 10 inches to the division line of property now or formerly of the Es-

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That permission be and the same is hereby granted to Jaenecke-Ault Company to construct, operate and maintain a single track siding at grade across Miller Street

from a point in the southerly side of Miller Street distant 443.75 feet easterly from the southeasterly corner of Miller Street and Avenue B to a point in the northerly side of Miller Street distant 443.75 feet easterly from the northeasterly corner of Miller Street and Avenue B, for the purpose of making connections for freight purposes.

Section 2. That such permission be and the same is hereby given upon the condition and provision that the said single track siding shall be removed within ninety (90) days after the receipt by the said Jaenecke-Ault Company, or its successors, of notice from the City of Newark, ordering the discontinuance of said single track siding; and upon the further condition and provision that the said single track siding shall be changed in grade to correspond to any changes that may be made in the grade of Miller Street and that the roadway and sidewalks where the said single track siding crosses said Miller Street shall be maintained in a manner convenient for public travel thereover, and in a manner to permit free passage of storm water in the gutters of said Miller Street and shall at their own expense pave the area in the roadway between the outside of the ties of said single track crossing with granite block or trap block.

Section 5. That such permission be and the same is hereby granted under the further condition and provision that the said Jaenecke-Ault Company shall rebuild the sewer basins or any other sub-surface work that may be necessary in a manner satisfactory to the Director of the Department of Streets and Public Improvements.

Section 4. That the said Jaenecke-Ault Company shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim or claims whatsoever for damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, maintenance or existence of said single track siding at grade.

Section 5. That such permission be and the same is granted upon the further condition that the said Jaenecke-Ault Company shall file with the Clerk of the City of Newark its written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand to the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

Section 6. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance shall be and the same are hereby repealed.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

October 31, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of October 24th were read and approved.

Mayor Breidenbach:—Are there any citizens desiring to be heard by the Board?

Dr. William G. Hanrahan:—I appear before you this morning as Chairman of the Legislative Committee of the Federated Improvement Association with a membership of over 400 from Newark and Essex County. I believe it is in the mind of our Mayor to establish two directorates in the City of Newark. The Mayor is no doubt actuated by honest motives in the creation of these positions. In conversation with one of our Financial Officers the other day, I find we are now almost within four per cent of our bonded indebtedness, in fact so close that a pencil would roll off the side of the desk. If these Bureaus are created it will entail additional secretaries, chauffeurs, stenographers and clerks, and add to the tax rate. I want to say there is no

man more competent in this country to handle the supervision of the City Hospital than Dr. Craster. He has rendered you service as Health Officer that no one else could render and he has offered to perform the duties of Supervisor of the City Hospital without extra compensation if you would accept him. I want to laud Commissioner Raymond for appointing him. He originally appointed him and Dr. Craster has certainly made good, and to demote him at this time would be unfair. I am speaking of my knowledge of his past efforts and results, and I feel that I am qualified to judge his ability. I think it is unfair to demote worthy employees by placing someone over them. We have in the City Home, Mr. Heller, who has devoted a great part of his life to this work. We have had no trouble with that institution. This man should not be demoted. At our Health Convention in Lakewood recently I talked with a number of Health Officers and asked them what the standing of Newark was with respect to mortality, and in each case was told A-1. If you put a man over Dr. Craster now at this time, we cannot hope for the best results.

Dr. William A. Tansey:—I was an Intern under Dr. Dowd at the City Hospital about ten years ago, and at that time Dr. Dowd was considered one of the brainiest men, if not the brainiest man on the whole staff, and it was a pleasure to work with him. He is a man who will give justice to everybody. He is not a man to curry favors and will give everybody a just deal. I have known Dr. Dowd for many years and he has developed a great amount of ability in this line of work and follows his work very closely. I have known Dr. Snavelly

almost as long as I have known Dr. Dowd. He is a high class man and very worthy, still he has not had the experience that Dr. Dowd has had, and I think Dr. Dowd would better fit the needs of the institution.

Commissioner Raymond:—Is it the intention to disturb Dr. Dowd?

Mayor Breidenbach: — No. Dr. Dowd will remain Resident Physician.

Commissioner Howe:—Will he remain that and will it disturb either Dr. Dowd or Dr. Craster?

Mayor Breidenbach:—I might say to the Commissioners and gentlemen interested in this Medical Director, it is not my intention to create additional Departments. In creating the position of Medical Director, the City Hospital will be supervised by the Medical Director and he will not have supervision over Dr. Craster. In regard to the salary, Mr. Talbot received \$4160. a year and the new Medical Director will receive \$5000. making a difference of \$840. a year. Mr. Talbot will be retired and we have got to have a head of that institution. Dr. Craster will be the head of the Health Department. As to the Clinic, I have not made up my mind. We cannot do anything with the Clinic until we have completed the north wing and that will take at least a year.

Commissioner Howe:—I want to say in backing the Mayor on this resolution that I am willing to vote for it after he has given his word that it will not disturb Dr. Craster or Dr. Dowd.

Mr. Leo Stein, Essex Bldg.:—I appear this morning on behalf of a number of residents in the Woodside section of the City where it is proposed to purchase land for the erection of a police station. This matter, I believe has once before been before the Commission, and I am informed an ordinance is to be introduced today looking to the purchase of land at Washington Avenue and Romaine Place, the northeast corner. As early as July of this year, the citizens of that community were apprised of the fact that the City was contemplating the purchase of this land for a police station and a number of citizens signed a formal protest which was lodged with the City Clerk, protesting against the purchase of that particular site. On behalf of those citizens I am here to renew those objections.

Our objections in the first place have to do with the character of the location in which this police station is to be erected. It is in the best residential section of Washington Avenue, and it is felt by the old residents in that section that the character of the neighborhood will be very much disturbed and values in property very much depreciated by the erection of a police station at that particular point. That is the primary objection on the part of the citizens up there as to the selection of this particular site. I do not know to what extent the Commissioners have personally investigated this particular site, but if the Commissioners will take the trouble to investigate they will find in the first place the corner on which this police station is proposed to be located at the corner of Romaine Place is nothing more than a paper street ungraded and unpaved.

It is a dead end street and leads to nowhere. The street runs easterly on Romaine Place for a distance of two or three hundred feet where it ends, making it necessary for you to turn south over another street. Why it should be desirable to locate a police station at a spot where there is no outlet from all points of the compass is difficult to understand. One would suppose that in determining the location of a police station it would be highly desirable to locate it in such a way that it would be accessible from all points of the compass.

Besides, it is a question as to whether the expense of this property is not excessive. It has a frontage on Washington Avenue of 98 feet, running back on Romaine Place 150 feet, and the price to be paid for it is \$9,800. I am advised by one of the clients I represent that that particular piece of property, together with considerable property in the rear of it, making 150x350 feet was offered for sale for \$7,000 within the past year, and now it is proposed to sell this piece 98x150, less than half the size for \$9,800. That in itself would strongly lead to the conclusion that the price of \$9,800. is excessive. I would also call attention to the fact that there are a number of other plots in the immediate neighborhood which are available for purchase at a lower price, the location of which are undoubtedly very much better because of the avenues of access on all streets, making them much more valuable. Incidentally, I am informed that if this police station is erected on this corner that there is an owner who has had in mind the erection of two dwellings at a cost of \$11,000 each and he will abandon this project because he

feels that the property would be depreciated and undesirable for residential purposes.

Commissioner Raymond:—Is the City obligated to buy this property?

Mr. Stein:—The City is not obligated to make this purchase. There was a resolution passed looking toward the purchase of this property. Commissioner Raymond may not be familiar with the matter, but a Writ of Certiorari was allowed setting that resolution aside. The Writ has been allowed. The legal situation as it stands now is that there is nothing binding upon the City with respect to the purchase of this plot.

Corporation Counsel Congleton:—The resolution which was passed has been set aside. We are not obligated legally, but there is a moral obligation on the part of the City.

Mr. Stein:—Then I suppose I am to confine myself to the moral obligation. With regard to that, as far back as July of this year, a protest was made before this body by the property owners in the Woodside section, protesting against the purchase of this site.

Commissioner Raymond:—What is their real objection?

Mr. Stein:—The first is that it will greatly depreciate the value of the property in which their property is located. It is high class residential property; all one-family houses. Second and equally as important is the fact that the particular location of

this property is most ill advised because it is located on a dead end street. There is no outlet on the eastern end of the street and it means you will have to condemn a lot of property to secure an outlet. If you do condemn, what have you got? You are up against the river. I believe the location of a police station should be such that it is accessible from all four points of the compass.

Mr. George A. Ohl, Jr. stated the City owns a piece of property on Grafton Avenue to which could be added 50 feet in the rear at a cost of \$2,000 which would give approaches from all points of the compass and would give the City a plot of 100x200 feet which would be an ideal location for a police station.

Dr. Frank Devlin, 171 Washington Avenue:—I was in consultation with Mr. Congleton this morning and he did not give me as much information as he has given the Commission this morning that there is a moral obligation in the purchase of this property. I want to say there is a moral obligation to me and every Commissioner who sits at this table. They have no right at any stage of the game to willingly and knowingly try and depreciate my property. I went up there and rejuvenated a place that was dilapidated and spent every nickel on the place that I earned in the practice of medicine. When this matter was brought up we understood that the residents in the neighborhood would have a chance to object, but they have had no chance to object. I am objecting to it for two reasons. I am objecting because I do not want to bring up my family in the neighborhood of a police station. I have

tried to beautify that spot and have beautified it with my own hands, because I could not afford to pay the price of labor.

Another thing which should be considered is the fact that that spot on Washington Avenue is one of the most congested spots from here to Paterson. There is no outlet from the Clay Street Bridge until you get to Grafton Avenue. Sometimes I have to wait 10 to 15 minutes before I can turn into my place. Now as traffic conditions are getting to be a very important question in Newark, I think that is one of the things to be taken into consideration in the location of this police station. I hope you gentlemen will take this matter into deep consideration. I claim the moral obligation to me as a citizen is closer than the man who is dealing in materials with the City.

Commissioner Brennan:—I would like to say that I am not wedded to this location. A number of sites were offered and this was considered the most central and most suited for the needs of the Department.

Mr. Saul Cohn, Kinney Building, representing James H. McMahon, appeared and presented the following petition:

To The Honorable,
The Commissioners of the
City of Newark, N. J.

Sirs:

The petition of James McMahon, of the City of Newark, County of Essex and State of New Jersey, respectfully shows:

1. That he is a resident of the City of Newark, N. J., and is one of the owners of the premises commonly known and designated as 1073 Broad Street, Newark, N. J., which are more particularly described as follows:

BEGINNING at the corner formed by the intersection of the easterly line of Broad Street with the southerly line of Pennington Street; and from thence running southerly along the line of Broad Street 50 feet; thence easterly parallel with the line of Pennington Street 140 feet; thence northerly parallel with Broad Street 50 feet to Pennington Street aforesaid, and thence westerly along the same 140 feet to Broad Street and the BEGINNING.

2. That he desires to erect on the said plot of ground a structure designed for business purposes; that he is informed that the present operations of the Zoning Ordinance prevents such use of the land; that the land is in proximity to an industrial development and is of a value which prevents the use of the land for dwelling purposes.

Petitioner therefore prays that the Zoning Ordinance may be amended so as to permit the use of the land for the purpose above mentioned and that the present restrictions against the use thereof for industrial purposes may be removed.

James H. McMahon,
Petitioner.

(Signed by six other property owners.)

Commissioner Gillen moved that the matter be referred to the Law Department for the purpose of amending the Zoning Ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners, Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Frederick J. Keer, 917 Broad Street, representing the Broad Street Merchants Association and the Chamber of Commerce, appeared and asked the co-operation of the Board in the worthy treatment in the placing of the Soldiers and Sailors Monument in Military Park.

Mr. Myron W. Morse, stated he noticed it was the intention to remove the flag pole at the apex of the park in the placing of this Monument and stated he felt this should not be done.

Commissioner Gillen stated he would like to have the Committees from the Broad Street Merchants Association and the Chamber of Commerce accompany him to the park immediately following the meeting for the purpose of looking over the ground and deciding on the location for the Monument.

Mayor Breidenbach offered the following resolutions:

RESOLVED, By the Board of Commissioners of the City of Newark, upon the recommendation of the Director of the Department of Public Affairs, that the position of Medical Director in the Department of Public Affairs, charged with the duty of complete medical and administrative control over the Newark City Hospital and the complete medical control of all other institutions in the Department of Public Affairs, be and the same is hereby created.

F. C. Breidenbach
Thomas L. Raymond
W. J. Brennan
Charles P. Gillen
John Howe

Dr. Hanrahan:—Will you be kind enough, Mr. Mayor, to postpone action on that resolution so that the citizens may consider it. The way the resolution reads it is improperly drawn. You may be sincere in what you said that it would not affect Dr. Craster, but if you should leave that chair tomorrow, your successor could place him in charge of the Health Department.

Mayor Breidenbach:—I cannot postpone action any longer. The City Hospital for a number of months has been without a head and I cannot let the patients suffer any longer, and I will ask the Commissioners to put it through today. I think the patients need it. I think I am in a position to know what I am doing and it is impossible for me to postpone action. There must be a head of the institution.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

WHEREAS, In the absence of an eligible list the Civil Service Commission has approved a temporary appointment in the position of Medical Director in the Department of Public Affairs, at an annual salary of \$5000, plus living apartments and maintenance; therefore be it

RESOLVED, By the Board of Commissioners of the City of Newark that Dr. Earl H. Snavely be and he is hereby appointed, pending the receipt of an eligible list, to the position of Medical Director in the Department of Public Affairs, at an annual salary of \$5000, payable semi-monthly as other salaries are paid, plus living apartments in the City Hospital, and maintenance for himself and family, effective November 1, 1922.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An Ordinance authorizing the Board of Commissioners of the City of Newark on behalf of the City to enter into an agreement with the Delaware, Lackawanna & Western Railroad Company providing for the vacation of a portion of North Fourteenth Street, where the same crosses the railroad of said Railroad Company, the layout of a new overcrossing at North Thirteenth Street, and other improvements incidental thereto.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The Director of Streets and Public Improvements and the City Clerk are hereby authorized and directed to make, enter into, execute and deliver for and on behalf of the City of Newark, a contract in writing with the Delaware, Lackawanna & Western Railroad Company, which contract (the necessary dates and signatures to be inserted and added) shall read as follows:

Agreement, made this day of , 1922, between the City of Newark, a municipal corporation of the County of Essex and State of New Jersey, party of the first part, hereinafter called the City, and The Delaware, Lackawanna and Western Railroad Company, a corporation of the State of Pennsylvania, lessees of The Morris and Essex Railroad Company, party of the second part, hereinafter called the Railroad Company.

Whereas, North Fourteenth Street and the railroad of the Railroad Company now cross each other at the same grade, and the parties hereto desire to abolish said grade crossing and provide in lieu thereof an overcrossing at North Thirteenth Street;

Now, therefore, it is agreed as follows:

1. The City shall vacate all that part of North Fourteenth Street lying between the northerly and southerly lines of the right of way of the Railroad Company, reserving and excepting a passage way across said right of way for a pedestrian bridge as shown on the annexed plan, and reserving also the right to maintain and renew within the present lines of said street, the sewers, water-pipes and other municipal structures occupying said street.

2. The new overcrossing above mentioned and the approaches thereto shall be laid out and constructed as follows, viz.:

A new street shall be laid out and constructed along the southerly side of and parallel with said railroad, extending easterly from North Fourteenth Street to a point opposite North Thirteenth Street, thence turning to the north and crossing over said railroad upon a concrete arch bridge. Approaches to said bridge from Seventh Avenue shall be provided by ramps to be constructed along the northerly side of said railroad (substantially parallel therewith and with Seventh Avenue), extending westerly to North Fourteenth Street and easterly to a point near the existing foot bridge over said railroad at North Eleventh Street. A stairway shall be constructed for the use of pedestrians in North Thirteenth Street, on the southerly side of said railroad, in order to afford access at said point to said concrete arch bridge. A bridge for the use of pedestrians shall be constructed over Seventh Avenue, extending from a point opposite the northerly end of said concrete arch bridge to the northerly side of said street.

The grade of North Fourteenth Street, between Hedden Place and said railroad, shall be raised to the extent necessary to meet the grade of the aforesaid new street.

A steel girder bridge with stairway approaches, for the use of pedestrians, shall be constructed over the railroad along the westerly side of North Fourteenth Street.

3. Annexed hereto and hereby made a part of this agreement is a blueprint map and plan identified by the signatures of G. J. Ray, Chief Engineer of the Railroad Company and Thomas L. Raymond, Director of Streets and Public Improvements of the City of Newark, showing and describing in detail the location, grades and extent of the work referred to in this agreement.

4. All additional lands, property or rights necessary for the laying out of the new streets or public highways contemplated herein shall be acquired by and at the expense of the Railroad Company; provided, however, that if the Railroad Company shall be unable to acquire any such lands, property or rights by agreement, at a price satisfactory to it, the City shall promptly institute proceedings under its power of eminent domain and acquire said lands, property or rights thereunder, at the expense of the Railroad Company. The Railroad Company shall also, at its own expense construct and maintain all of the work described in or contemplated by this agreement (including all grading and the construction of retaining walls, with guard railing, piers, abutments, bridges and stairways) except the work of paving, repairing, curbing and guttering on said new street, on existing streets and on said concrete arch bridge and said ramps, the laying of sidewalks, the laying of wearing surfaces on bridges for pedestrians, and the installation of lights and appurtenances, all of which paving, curbing, guttering, sidewalks, wearing surfaces and lights and appurtenances shall be provided and thereafter maintained by and at the sole expense of the City.

5 The City shall exercise its rights and powers and require all public utility corporations owning, maintaining or operating structures or facilities in the streets or public places affected by the work to be done hereunder to remove, relocate or reconstruct said structures or facilities to the extent that such removal, relocation or reconstruction may be necessary for the accommodation of said work.

6. Said new street, ramps, bridges and stairways shall be public highways and the City shall take such official action as may be required by law to lay out, open and establish the same as such. The City shall also take such official action as may be required to effectuate the changes in grades of existing streets and any other features of the improvement shown on said plan or contemplated by this agreement.

7. If at any time it shall be found necessary or desirable for any reason to alter or modify any of the details of said improvement as shown on said plan, a supplemental plan showing or a written description of said alterations or modifications, when signed by the Director of Streets and Public Improvements of the City of Newark and by the Chief Engineer of the Railroad Company, shall be sufficient authority for the making of such alterations or modifications in accordance therewith.

8. This agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors or assigns.

In Witness Whereof the parties hereto have caused this agreement to be duly executed the day and year first above written.

THE CITY OF NEWARK,

By

Director of Streets and Public
Improvements.

Attest:

City Clerk.
